

Socket Weld Pipe Fittings

These **Fittings** are designed to **fit over the Pipe** size as noted.

In your shop - fabricate **Pipe Posts** complete with **Elbows, Tees, Crosses** and **Flanges**.

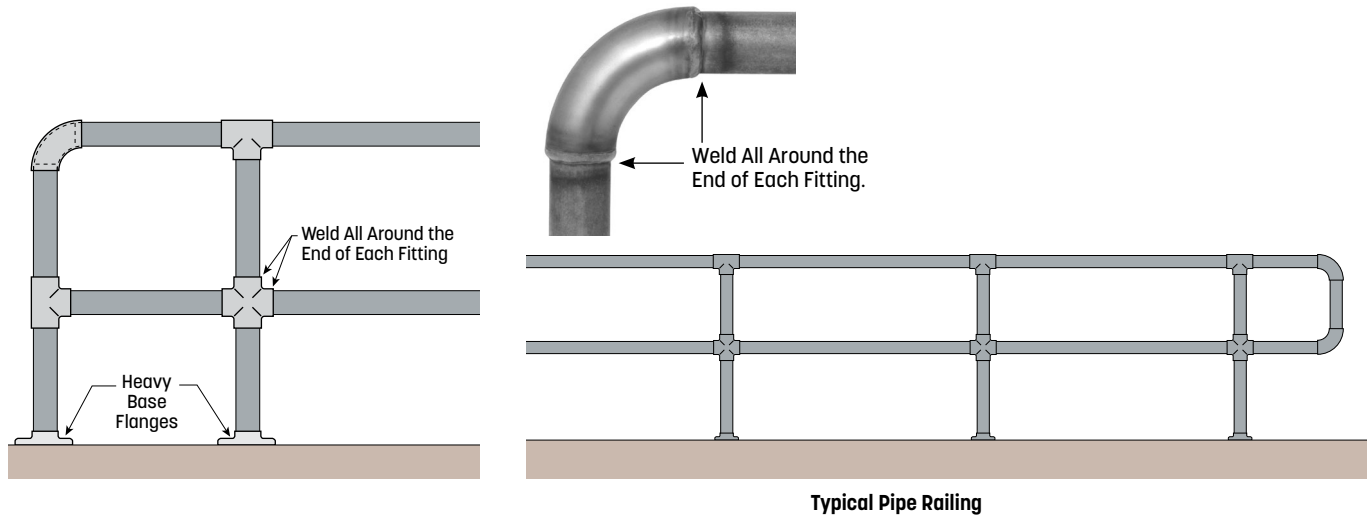

In the field - slip top rails through the **Tees**, place middle rails into **Crosses** and then weld.

Formed **Fittings** have an open seam. Welded seam is available.

Supplied in mill finish. Other finishes available upon request; contact rfq@mailwagner.com.
